## Calling All Keizer Art Association Members!!!

Starting January 7th, 2019, we are showcasing our latest endeavor: "Meet-Up Monday". The focus is to build a sense of community with our membership-at-large. We are still working out the details, but the event may include a short business or announcements segment, a program for the evening, mix & mingle and of course, treats. As we grow and develop, we want this event to reflect not only our Association, but the desires and talents of our membership...a sort of "For Members, by Members" feel. Stay tuned for more details. Please consider joining us. Mark your calendars, now!!!

What: Keizer Art Association "Meet-Up Monday"

When: January 7th, 7 – 9 pm and every First Monday, each month

Where: Keizer Art Association classroom and gallery

Who: Keizer Art Association members and Friends of the Arts

Why: To build a sense of community in the Keizer Art Association by learning from each other through the sharing of techniques and experience.

## DIGITAL ART

The KAA board has decided to have digital art judged in it's own category. This is what most other art galleries in this area are doing.

Beginning January, 2019, we will have five categories of art to be judged each month (with the exception of the two hosted shows, McNary Show and Colored Pencil Show).

The five categories are: 2D, Photography, 3D, Digital Art and Kids' Art.

Michael says:

"I first received an award for drawing in a school contest.. I was in the third grade. I decided right then to pursue art as a hobby, then perhaps later as a career.

After I entered college in 1964 as a committed Southern California art major, I was immediately struck by 1) how little actual instruction was available, and 2) how student grades were affected by kissing up to the professors. My naivety was being put to the test. and admittedly, my focus was on having fun, not on studying.

After my third semester of declining grades, I decided to drop out of college (before they could kick me out), and joined the Army for three years. I put away my paints and brushes and abandoned the world of art for forty-three years. Then in 2009, for some reason, I decided to sketch a portrait of my wife from a recent photo. To my surprise, I was a better artist than I had in college.

It took me another couple of years to get my drawing techniques ironed out, but it became clear to me that I most enjoyed rendering high-contrast drawings from original photos. I look for images that have been subject to one or more strong sources of light which can result in drama and depth of field.

I've considered changing to other media and/or adding more color, but these days with so much attention being given to photography and digital expressions of art, I feel that as an old-fashioned graphite sketch artist I am a member of a dying breed....and too old to learn new tricks."

October 2- November 20 – CALLIGRAPHY taught by PENNY WHITE, There are many different types of Calligraphy and Penny has taught several of them. Starting Fall term she is going to focus exclusively on POINTED PEN CALLIGRAPHY. You create Pointed Pen Calligraphy with pointy nibs and those nibs result in letters that have elegant, subtle stroke contrast. Supplies: Penny says: “There are many Nibs one can use and one just has to find the best one for each particular hand. I will bring along a selection but the following are all good: Nikko G; Gillot 303; Brause 361; or Hunt 56. Penholders: a regular one works fine, but an oblique holder is my preference - this is the holder with a 'sidecar' which is very helpful if you are a fan of very sloping writing. Ink: walnut ink works well; if you are using an oblique holder you will need a small container to hold the ink as the 'sidecar' won't fit into most ink bottles. Paper: Layout paper works very well - you can see through it to trace the letters initially which is very helpful.” 8 weeks/\$50 Tuesdays 1:30 – 3:30 pm.
